## How to Invest in a Better Future

---

From the dire effects of climate change, to corporate influence on government, the case for divesting from fossil fuels has never been clearer.

Are you part of an organization that you would like to see divest, but aren't sure where to start?

Join 350Vancouver as we kick off our fossil fuel divestment campaign with a live forum event, featuring industry leaders and successfully divested organizations.

Come learn **why** divestment matters, **where** to ethically move your funds, and **how** to invest for a better future.
